

ABOUT SPG in 2006-2

13

- ... **3. First Meetings of Sustainable Pacific Grove** – At the first meeting of Sustainable Pacific Grove participants were asked to identify and set priorities for the work that they would like to undertake. A survey was provided that listed the ideas that were development in the Community Brainstorming meeting.
- 4. Subcommittee Activities** – To better focus our work, a number of subcommittees were formed and met throughout the summer. They included: Food/Sustainability Store, Water, Energy, Transportation, Education, and City Action.
- 5. Council Actions on Climate Changes** – In the fall of 2006, Sustainable Pacific Grove requested that the City of Pacific Grove adopt the United Nations Urban Environmental Accords and the U.S. Mayors Climate Protection Agreement. The Council adopted both of these measures.
- 6. Emergency Response Workshop** – To encourage residents and city staff to begin to plan of emergencies related to fuel shortages, Sustainable Pacific Grove held a half-day workshop. Meeting participants were asked to work together to identify the steps that might be needed.
- 7. START Center** – Sustainable Pacific Grove proposed to the City Council that a city facility we identified to be used as a demonstration site for sustainability activities. The identification of a site that would be appropriate is on going.
