

ABOUT SPG in 2008

- .. **1. Creating the GREEN SPOT** - together with Surfriders and Applied Solar, SPG started the work on making the corner of Pine and Forest a Sustainability Resource Center for Pacific Grove Good Old Days, 2008.
The Green Spot was a nice addition to Good Old Days for 2008.
- 2. PG Farmer's Market** – Sustainable Pacific Grove continues its commitment to the establishment of a weekly farmers market in Pacific Grove.
- 3. Fog Catchers** - SPG sponsored a Saturday workshop on how to make a fog catcher to gather water from fog for yourself. Workshop presented by Dan Fernandez, Professor at CSUMB and Tyler Frome, graduate of CSUMB.
- 4. Good Old Days 2008, April 12 and 13** - SPG had lots going on at the Green Spot (Besides the table on Lighthouse).
- 5. PG Bans Styrofoam, April 16** - An SPG member sat on the task force to draft a model ordinance banning styrofoam take-out containers. The draft ordinance was passed unanimously at the Monterey Regional Waste District meeting in March and then issued to every city in the county and to the Board of Supervisors. April 16, the City of Pacific Grove was the first to pass the ordinance with a unanimous council. Marina will hear the ordinance May and Monterey will vote later.
- 6. Local Climate Change** - On September 13th, 2008, Sustainable Pacific Grove sponsored a panel discussion about the effects of global climate change on our local area. 'Local' meant primarily the Monterey Peninsula but extending into the Salinas Valley.
- 7. Compost Making** - SPG sponsored an evening presentation on how to make a compost for your own use. This was at the regular SPG Tuesday evening on May 6.
