

Community Recycling Forum

October 7, 2008 • 7- 8:30 PM
Pacific Grove Natural History Museum
At Central and Forest Avenue

William Merry, General Manager of the Monterey Regional Waste Management District will discuss the community infrastructure for waste reduction, reuse and recycling at the MRWMD. Representatives from Waste Management Inc. will provide a detailed overview of the materials accepted in the PG curbside recycling program and how local businesses can recycle more and waste less.

This is your opportunity to learn how our local recycling programs support sustainability and to discuss a Zero Waste vision for the future.
